

CASE STUDY

Dr Lynn Bartram, Headteacher,
Pocklington CE VC Infant School

AT A GLANCE

CHALLENGES

- Linking of important documents and strategy
- Performance Management reviews lack clarity

BENEFITS

- Helps drive improvement
- Useful reports for Governors
- Provides information needed for strategic decisions

"SchooliP has helped improve my workload and allowed me to easily access information needed to make strategic decisions"

DR LYNN BARTRAM

Headteacher, Pocklington CE VC
Infant School

OVERVIEW

Pocklington CE Infant School is a happy school where children love learning. Along with our focus on academics, we recognise the importance of pupils social and emotional development. We have staff trained to support your child develop good mental health and self esteem. We work in close partnership with our pupils, their parents and carers and our local community, particularly All Saints Church in Pocklington. We are proud to be a Church School and our Christian Values are central to everything we do.

IMPACT

Lynn stated "SchooliP has helped to link our SEF, SDP and Performance Management together, providing a structure to help drive school improvement. The reports sections have been useful for governors and SLT. Teachers have appreciated the ease of use of the system for the uploading of evidence, and the clarity provided to performance management reviews. As a head teacher the software has helped improve my workload and allowed me to easily access information needed to make strategic decisions."
