

# CASE STUDY

Steve Lupton - Principal at Repton  
Abu Dhabi

## AT A GLANCE

### CHALLENGES

- Evaluating the school
- Capturing evidence
- Strategic focus
- Saving time

### BENEFITS

- Single central solution
- Easy access for all
- Robust evidence
- storage Simple to use

## OVERVIEW

Repton Abu Dhabi offers the rigour of the National Curriculum of the United Kingdom with the dynamism of the UAE and is delivered in our world-class facilities.

"The process of lesson observations and feedback is much more time efficient. Staff are reminded of due dates via email for the completion of goal setting, observations etc. SLT can easily view and track the completion of tasks, as well as the feedback middle leaders are providing. Therefore, we can see who has completed tasks and added evidence. As part of our international school requirement in Abu Dhabi, we have to provide our staff with an amount of CPD hours. This CPD is now easily tracked and monitored online"

STEVE LUPTON

Repton Abu Dhabi

## IMPACT

Steve stated "Thank you to the customer care team who have been outstanding in supporting our implementation and training across the school. It is much appreciated!"
